Why Choose InfinitaCast?

InfinitaCast baths are the ultimate premium bath, hand finished in the UK to the most exacting of standards. They are rigid, durable, strong and with a reassuring weight are perfect for all bathrooms, regardless of bath style chosen. The versatility of the materials used, the advanced manufacturing process and the quality of our craftsmanship means that InfinitaCast baths can be designed in beautiful sculptural shapes that suit the contemporary bathroom.

Made from a high quality acrylic, the baths are reinforced with 7 layers of hand applied fibreglass core matting and resin bonding. The timber framed bath rims and bath bases are fully encapsulated in fibreglass matting and resin bonding providing extra rigidity, meaning the bath will not 'flex' when you step in.

Grampian | Baths

Product shown as left handed (below) and right handed (cut out).

Grampian Features

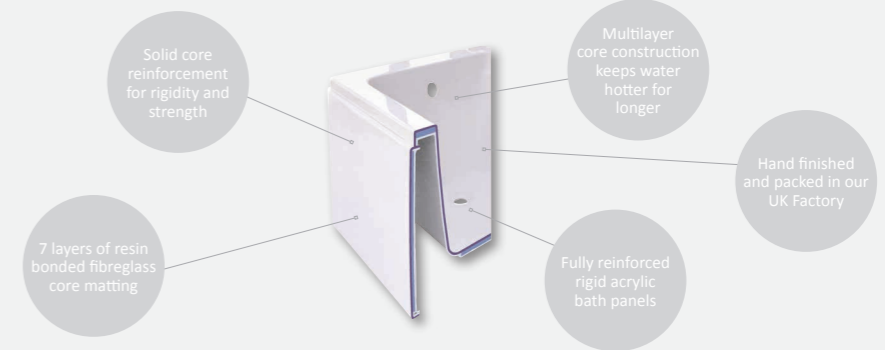

- Solid core reinforcement for rigidity and strength
- 7 layers of resin bonded fibreglass core matting
- Multilayer core construction keeps water hotter for longer
- Fully reinforced rigid acrylic bath panels
- Hand finished and packed in our UK factory
- Innovative water saving feature

Brace Bar Features

There are a number of different styles of brace bars which can be used with the 8mm and 10mm glass thickness Wetroom Panels. On offer, are all configurations that may be required, each can be cut and trimmed to the necessary size during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place. Within this range there is something to suit all enclosure styles, your bathroom area and your preference, to present the highest level of stability. The square brace bars have the added benefit of being available in four frame finishes: black, bright silver, brushed brass and brushed nickel.

Round Brace Bars

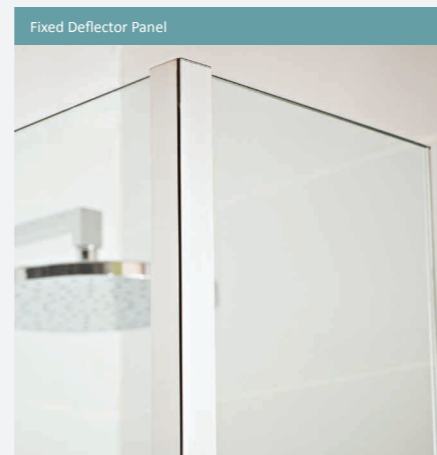

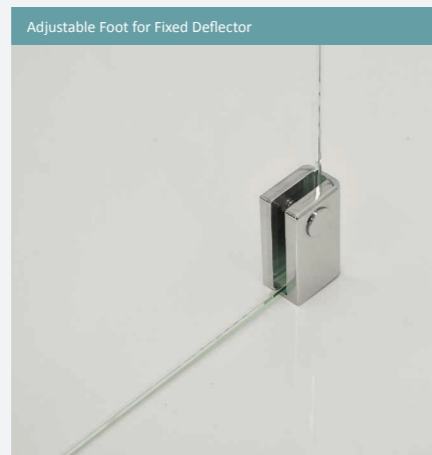

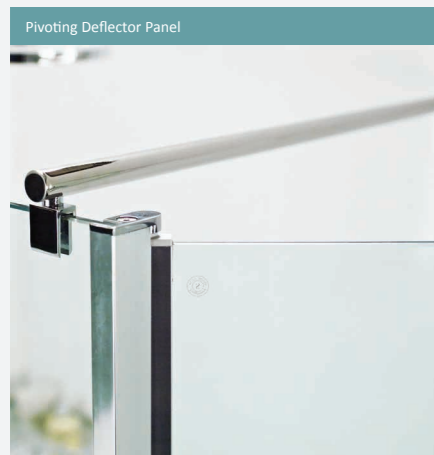

Square Brace Bars

Deflector Panel Features

Deflector panels can be added to your wetroom panel to increase the water integrity for your wetroom. Select between fixed or pivoting deflector panels. The pivoting deflector panel rotates through 180° with a smooth pivot motion, it is reversible and when not in use be folded flat against the glass to improve access into the shower. The fixed deflector panel is supplied with a chromed brass foot with a soft rubber base which is cut down to size on site to suit the shower tray, with a height of 2000mm and available in 8mm or 10mm glass thickness the deflector panel makes it an ideal addition to your wetroom.

The Infinita wetroom system makes it easy to install high specification, watertight wetrooms. At the core of the system is the wetroom tray, engineered for safety and integrity, yet easy to adapt to any wetroom footprint. Perfect for both commercial and domestic use, the systems are ideal for family homes, hotels and healthcare facilities.

Step by Step Guide

1.

Choose the right wetroom tray

Infinita wetroom trays come in 19 sizes – simply choose the one that matches your wetroom area. The trays can be cut to size to accommodate awkward or unusual footprints.

2.

Select the drain and choose your finish

The system works with the BBA approved Purus drains. You have a choice between a stainless steel grate or a tile insert for the drain finish.

3.

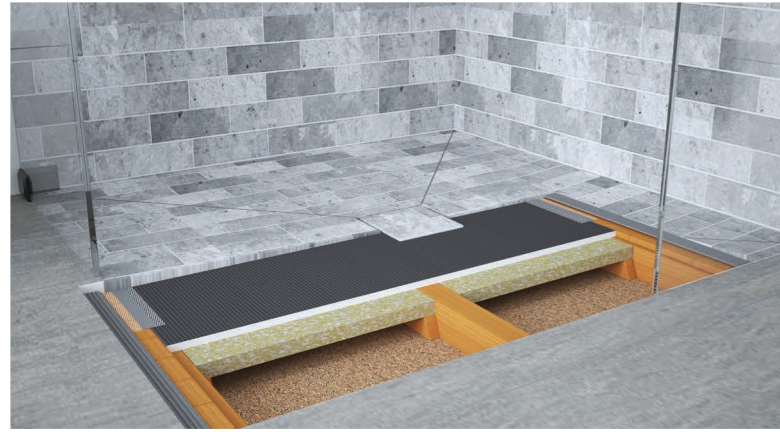

Choose your waterproof board

All plasterboard within the wetroom area must be replaced with our tile backer board to ensure smooth installation and waterproof integrity. Tile backer board can also be used on floors within the wetroom area.

4.

Important! Waterproof your wetroom

Infinita uses a simple-to-apply tanking system to make sure your wetroom remains watertight.

GRP Wetrooms

Manufactured from GRP with a stone resin core the Infinita system is designed for fast, straight forward installation. GRP wetroom shower trays are super strong and can be installed both on timber floors and concrete floors without the requirement of any support.

- Manufactured in GB with up to 30% recycled material
- Suitable for tiles, micro cement and vinyl installation
- Suitable for concrete and timber installations
- Supports up to 470kg in weight across 400mm joists
- Only 22mm thick allowing for flush to floor installation
- Can be cut to size for those unusually shaped areas

Tray Features

- ABS acrylic capped stone resin tray
- 40mm height
- Available in many shapes and sizes
- Suitable for most types of enclosures
- Made with phthalate free materials

Waste Features

- Complete with offset elbow
- Vented dome to allow higher flow
- Quick release inner unit
- Easy to clean and maintain
- Enables water to flow from the shower tray at a rate of 32 litres per min

Anti-Slip Trays | Shower Trays

The Anti-Slip tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience. Ease of installation is achieved with a contoured underside for leg location.

Tray Features

- 40% lighter than a high wall stone resin tray
- 40mm height
- A simple stylish tray which delivers high quality looks and functionality
- Anti-Slip material (tested in accordance with British Standard BS7976:2 Pendulum slip test)
- The sleek Low Profile design is available in many special shapes and sizes
- Suitable for most types of enclosure
- Complies with BS EN 14527:2016
- Designed for 90mm High-Flo Waste
- Made with Phthalate free materials

Waste Features

- Complete with offset elbow
- Vented dome to allow higher flow
- Quick release inner unit
- Easy to clean and maintain
- Enables water to flow from the shower tray at a rate of 32 litres per min

For Shower Tray Accessories see page 103.

Waterproof wall panels with an Aqualock tongue and groove system are also available in a Non-Tile. They can be mounted directly onto timber frames, wall surfaces or tiles making the job quick and easy and the joints virtually invisible. For a 100% waterproof seal, sealant must be used in all joints to make our panels fully waterproof.

Have you ordered your Fibro trims to complete your perfect installation? Various options include the Hidden Corner, Base and L or J finishing profiles. Ask a member of staff for more details.

Eight reasons to make the smarter choice

1.

Shorter down-time

2.

Environmentally friendly

3.

Shorter installation time

4.

Lower fitting cost

5.

25 years warranty

6.

Easy to keep clean

7.

No grouting required

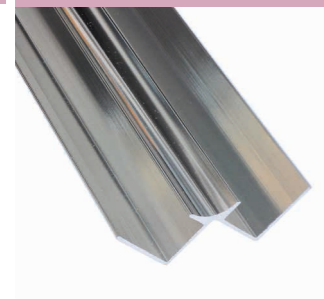

8.

Simple and quick to install

Seville
White Toilet Seat
Moulded Wood, Adjustable plastic hinges, 2.69kg
RRP inc. VAT £32.99

Start by choosing the right material for your environment. Moulded wood seats provide a warm feel and are eco-friendly. Tecnoplast seats are lightweight and virtually unbreakable whereas thermoset plastic has a ceramic like shine and are scratch and heat resistant. Slow Close ensures no pinched fingers and Quick Release offers a convenient and hygienic cleaning solution.

Click & Clean®

Click & Clean® is the name of the easy release take-off system that takes hygiene in the bathroom to the next level. Simply lift both ring and cover into an upward position, push down lightly to unclip the hinges with the sound of a 'click' and take off. The take-off system makes it easy to clean all those hard to reach areas around the hinges in between the seat and the ceramic. Cleaning your toilet has never been easier!

Ultra-Fix®
Doesn't loosen!

The Professional Toilet Seat Fixing System

A patented hinge fixing system that will actually keep your toilet seat tight. Easy to fit and super secure, saving you time and costly call outs! The Ultra-Fix® hinge system never loosens.

*Ultra-Fix® Formerly STA-TITE®

1. Twist

Finned bushing provides a snug fit and prevents movement.

2. Tighten

The one-piece plastic nut provides superior clamping force.

3. Snap

The bottom of the nut snaps off at the optimum tightening torque, locking the seat down perfectly tight.

Fitted Furniture

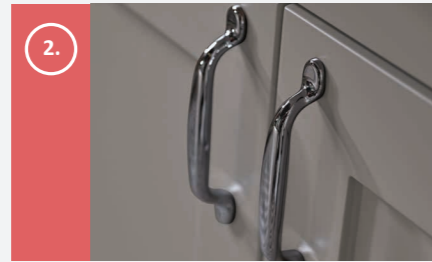

Step By Step Guide	192
Door Style and Finish and Handle Options	193
Worktop Options	194
Isocast Basin Options	195
Cabinet Options Flush Style	196 – 197
Cabinet Options Shaker Style	198
Sanitaryware and Plinths and Panels	199
Mirrors and Cabinets	200
Lighting Options, Bath Panels and Tap Options	201

Follow our step by step guide to build your bathroom | Fitted Furniture

1. Door Style and Finish

Choose your door style and finish from either Flush or Shaker style. Then choose your desired door colour to front your standard or space-saving slim depth units.

2. Handle Options

Choose your handle style from the six available options.

3. Worktop and Basin Options

Select a worktop from either our solid surface or laminate options and a semi countertop basin. Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim units.

4. Cabinets

Choose your preferred cabinet and depth of unit from either our Flush or Shaker range.

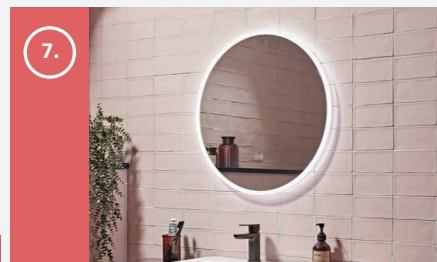

5. Sanitaryware Options

Choose your Infinita sanitaryware. See pages 118 – 151.

6. Plinths and Panels

Select a plinth to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

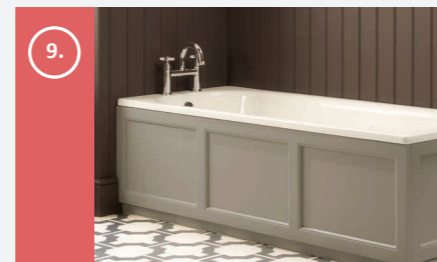

7. Mirrors and Cabinets

Choose your preferred mirror or cabinet, see pages 202 – 217. Also add any useful wall cabinets.

8. Lighting

Select a stylish lighting option.

9. Bath Panels

Select a co-ordinating bath panel.

10. Tap Options

Complete your bathroom with the addition of an Infinita basin mixer. See pages 28 – 47.

01 | Door Style and Finish

Select your door style, Flush or Shaker and your finish colour.

Standard Depth Units – 353mm | Slim Depth Units – 218mm

02 | Handle Options

Select from a choice of six handle styles.

Balance | Mirrors

Balance Features

Featuring striking sensor-operated side lighting, Balance brings a vibrant glow to the bathroom. The mirror includes an internal heated pad to prevent condensation build-up on the glass, so you can be sure of a crystal clear view, even after a long hot bath.

- Direct frontal LED illumination band
- IR sensor switch (Simply wave your hand by the sensor to turn the light on and off)
- These mirrors are fitted with a heated pad that helps to clear condensation from the central area of the mirror
- IP44 Rated: Suitable for use in bathrooms

Code	Description	Size mm	RRP Inc. VAT

Stay connected even in your bathroom with **Bluetooth®** speakers

Tecno Features

Tecno features a **Bluetooth®** enabled speaker that allows you to play your favourite music, podcast or audiobook straight from your device. A remote control means you can adjust the volume, skip a track and even change the dimmable LED light from cool white to warm white and through a spectrum of red, green and blue hues; creating a whole new level of ambience. This groundbreaking light helps you personalise your bathroom experience, setting the tone for an energetic morning routine or an indulgent evening pamper.

- Remote control operation – lighting and music
- **Bluetooth®** connectivity with compatible devices
- Hand blown glass shade
- Colour temperature changing LED illumination
- 1555lm max
- Dimmable
- 12 RGB colour options
- 6w speaker
- IP44 Rated: Suitable for use in bathrooms

RRP Inc. VAT £188.99

- Height 1.1 – 1.3m
- 120mm installation depth
- Fits 180mm and 230mm washbasins
- Fully adjustable basin fixing points
- Height adjustable waste

INF1216

500mm width

Urinal Frame
RRP Inc. VAT £188.99

- Height 1.1 – 1.3m
- 135mm Installation depth
- Fits 180mm and 230mm urinal hole centres
- Height adjustable waste outlet position

INF1217

500mm width

Bidet Frame for Wall Hung Bidets
RRP Inc. VAT £220.99

- Height 1.1m – 1.3m
- 140mm Installation depth
- Fits 180mm and 230mm bidet hole centres
- Height adjustable waste outlet position
- 3 height settings for bidet bolt positioning

INF1203

0.2 – 10 Bar Operating Pressure

Slim Concealed Cistern
RRP Inc. VAT £135.99

- Will fit into 100mm void.
- Water saving flush volumes set at 6/3 Litres
- Flush volume adjustable 6/3Litres or 9/4.5 Litres or 4.5/2.5 Litres
- Condensation reducing styrofoam jacket pre-installed

INF1205

0.2 – 10 Bar Operating Pressure

Front/Top Activated Concealed Cistern
RRP Inc. VAT £135.99

- Flush valve and side entry 747 valve inside
- Water inlet left side or rear feed
- Water saving flush volumes set at 6/3 Litres
- Condensation reducing styrofoam jacket pre-installed

INF1206

0.2 – 10 Bar Operating Pressure

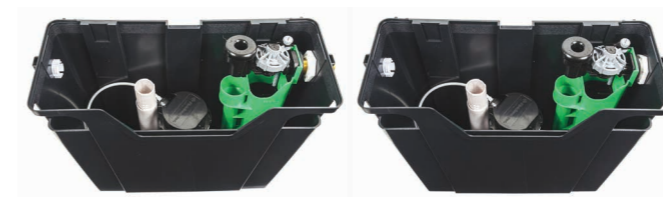

Compact Universal WC Frame
RRP Inc. VAT £157.99

- Universal frame to install wall hung WC
- Fits 180mm and 230mm WC pans
- 90mm or 110mm waste sizes
- Narrow frame – 420mm (w)
- Rated for 400kg Load

Infinita concealed cisterns feature high quality, professional grade products engineered for the reliability and durability

Close Coupled Sensor Flush Kits

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid. The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves.

For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our MDLK029 valve which has a 2" base.

Stat Black

Thermostat

To get the best from your heating system, you need precise heating controls. Infinita underfloor heating offers a choice of two programmable touchscreen thermostats. Both use precise floor and air temperature control to provide you with a simple and efficient way to manage your system, providing comfort and reduced energy costs. Homeowners can program their settings to suit individual requirements; warmer when at home, lower when away or asleep.

- Elegant design
- Quick and easy to program
- 2 Year Warranty

Insulation Boards

Insulation boards are the perfect way to reduce your heating costs and get the most out of your underfloor heating system. They prevent downward heat loss, which retains the heating in your room longer and improves the heat up time of the room when the system is turned on.

- Available in 6mm and 10mm to prevent excessive build-up
- Compatible with concrete and timber subfloors
- No primer required when used with underfloor heating

Code	Description	Dimensions mm	RRP Inc. VAT
INSBRD10-6	Insulation Boards 10mm Thick (Pack of 6)	1200 x 600	£135.99
INSBRD06-8	Insulation Boards 6mm Thick (Pack of 8)	1200 x 600	£167.99

Warmup Loose Wire

Ultra-thin dual-core heating element will not raise floor levels. BEAB approved heating element meets the highest safety standards.

- Thinnest dual-fluoropolymer coated heating wire
- Less than 1.8mm Diameter
- Quick installation – Single connection lead for fewer steps

Code	Description	RRP Inc. VAT
INDW300	Warmup Dual Wire Undertile Heater 300w	£179.99

Warmup StickyMat

An electric underfloor heating mat and cable system with pressure sensitive adhesive technology for the fastest installation. The wire is just 1.8mm thick, keeping floor build-ups low and saving you time.

- Keeps floor build-ups low
- Quick to install
- BEAB approved and CE marked with a lifetime warranty

Code	Description	RRP Inc. VAT
INSM151	Warmup StickyMat 150w/m ² 1m ²	£144.99

Warmup Thermostats

Choosing the correct thermostat is crucial to ensuring that your heating system works effectively, efficiently and easily. To provide you and your home with an optimum heating experience, Warmup offers a wide range of underfloor heating controllers from simple manual thermostats to the latest, remotely accessible Smart Thermostats.

Code	Description	Dimensions mm	RRP Inc. VAT
INELTPW	Warmup Tempo Thermostat – Porcelain White	113(w) x 90(h) x 23(d)	£140.99
INELM01WHRG	Warmup Element WiFi Light Thermostat – White	86(w) x 86(h) x 16(d)	£248.99
INWU6iEOB	Warmup 6iE WiFi Thermostat – Onyx Black	90(w) x 115(h) x 16(d)	£330.99

Warmup Insulation Board

Insulation boards are ideal for use with electric underfloor heating as they prevent the heat from the heating system escaping downwards to the subfloor. The Warmup Insulation Boards do not let the heat pass through from the heater to the subfloor. Therefore the heat gets pushed upwards, onto the floor surface where you want the heat to go.

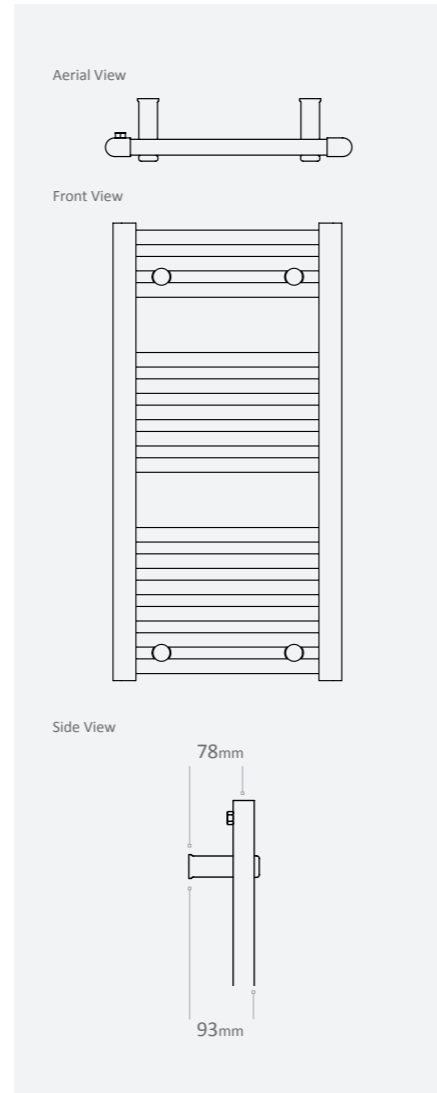

Code	Description	Dimensions mm	RRP Inc. VAT
INSBRD6-1	Warmup 6mm Insulation Board	1250 x 600	£29.99
INSBRD10-1	Warmup 10mm Insulation Board	1250 x 600	£29.99

Warmup MyHeating App

Help your customers get the most out of their 6iE Wireless Smart Thermostat: all they need to do is download Warmup's MyHeating app for their smartphone. MyHeating enables unique features such as SmartGeo™, energy usage and running cost data, thermostat personalisation and remote heating control. Available on iOS, Android and with some functionality through your MyWarmup account on web browsers.

- Anthracite finish

Elements

Standard Element – MDLE002

IP55 Suitable for zones 1 and 2 of the bathroom. Each standard element contains an internal preset over the temperature switch and fail safe fuse. There is no thermostatic control although a suitably rated rheostat (CD-VR) will give thermal control when fitted into the electrical supply circuit.

Heat Sensor Element – MDLE006

IPX5 suitable for zones 1 and 2 of the bathroom. Five temperature settings ranging from 30°C to 60°C. The device displays the temperature to which it is currently set and indicates the status of the heating cycle.

Notes and Plotter

En-suite

Transform your en-suite into a tranquil retreat with modular furniture options that maximise every inch of additional space. Custom-made solutions can perfectly complement the individual needs of your bathroom, delivering a bespoke look with maximum storage capacity to contain your clutter.

Family Bathroom

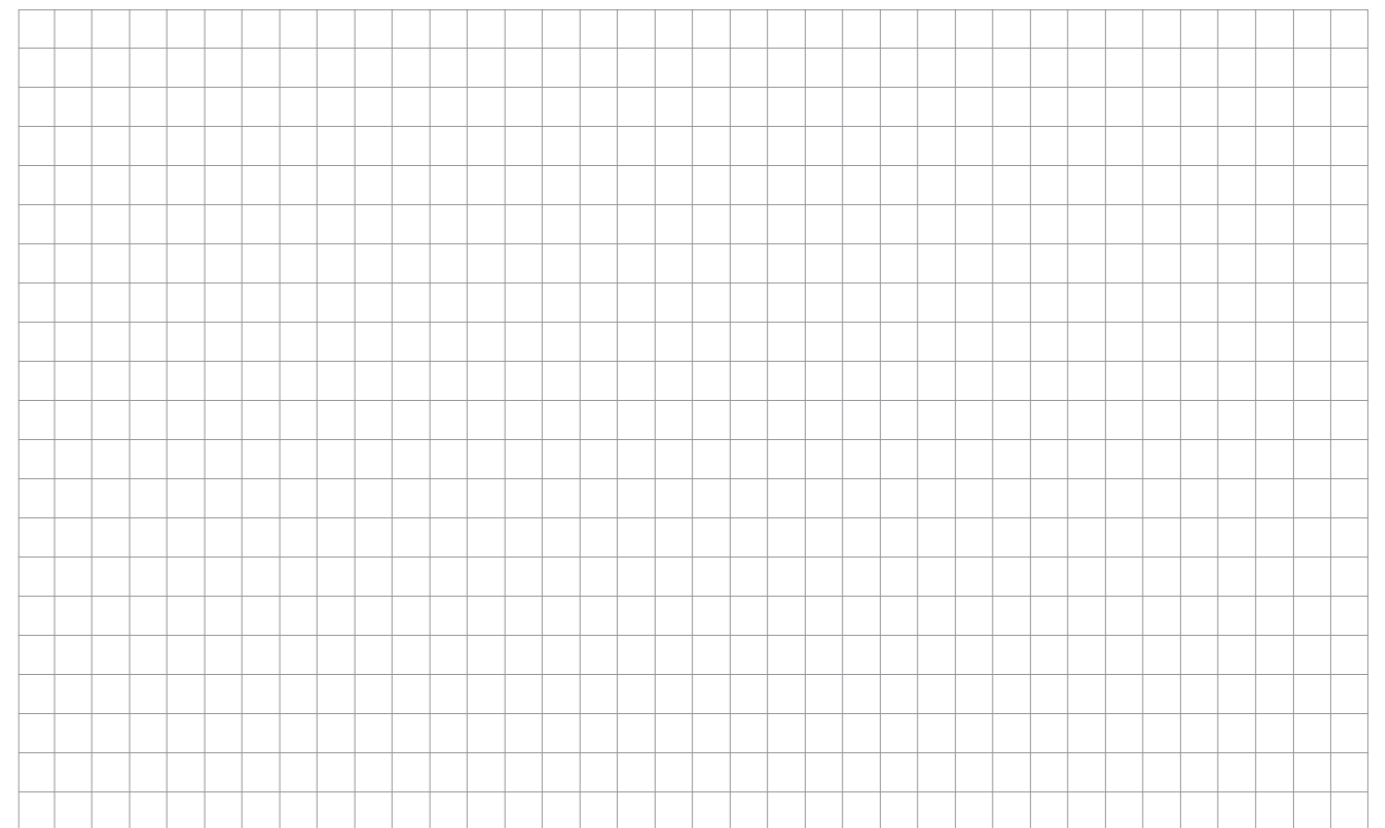

Sharing a family bathroom requires a carefully planned space. Keep in mind the number of people who will be using the room. Choosing the right furniture and storage is vital to contain the clutter and ensure a stylish space.

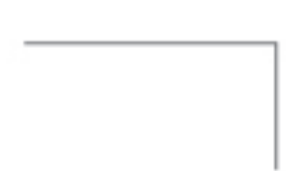

Measuring your Bathroom

1. Draw a basic outline plan of the room – you can choose to measure in imperial or metric units but remember to keep the method of measuring consistent.
2. Mark the positions of key features on the room plan such as windows, doors, boilers and radiators.
3. Note the measurements of all walls, ensuring that you include the length of features such as windows and doors. Remember to include the measurement from the corner of the wall to the start of the window or door.
4. Measure any existing bathroom furniture that you tend to keep and note their position if you don't plan to move them.

Plan your Own Bathroom

The global disruption has caused delays to some products produced in other countries and is beyond our control. We will do all that we can to minimise delays, and we will advise you of the expected delivery date of your items at the time of purchase, but we need to advise you that we cannot accept cancellations nor will we be able to offer compensation for extended delays at this time. In some instances prices may change as a result of surcharges imposed by other countries. Please note, due to the printing process and manufacturing tolerances, the colour (including white) of a finished product may vary slightly from the colours represented in this brochure. It should also be noted that the final finished colour ordered in the same colour but at different times may vary due to production processes. Please note that due to the nature of the manufacturing process, from time to time product sizing may vary slightly. The details of all warranties quoted in this brochure can be found within the product warranty card.
